Family Owned & Operated Since 1976

Message From The Shop - October 2013

It has been an amazing quarter at Oren's Auto Body and the Oren household since the last newsletter was published.

The nest at our house is now one less! We moved Whitney into her dorm at St. Norbert, College in DePere, WI in mid August. It was a difficult day for Wendy and I to say goodbye and leave her, but she was so excited to be on her own! About a week into her independence, homesickness knocked on her door and she thought maybe it was too far away and she would come back closer to home. Of course, we said no and now she has settled in very well, making lots of new friends, enjoying her classes and

volleyball team. Seth (sophomore) and Bethany (8th grade) started school and got me back as their "bus driver" since Whitney left. Seth will be 16 in November and I look forward to turning that job over to him!

The day before we moved Whitney to college, we received great news for our customers, insurance agents and shop! American Family Insurance called to inform us that they would be adding Oren's Auto Body to their Certified Repair Program for the Edgerton area. We are very proud to be a part of this program. Read all about it on page 2, "American Family Insurance Selects Oren's Auto Body."

With the long winter days coming soon, it is a good time to dig out your auto insurance policies and review your coverage and deductibles. Remember, deductible is the amount of money you are required to pay up front before your insurance company makes any pay-

ments. Be sure it is an amount you have available in case of a claim. Understanding coverage and limitations of your policy is extremely important. We had a customer using his vehicle to deliver newspapers and had an accident. He found that he had no coverage because the insurance company looked at it as he was doing business and needed a commercial policy. Call your agent and make an appointment to clarify questions and concerns.

Since this is the last quarterly newsletter for 2013, thank you so very much for all your support, referrals and business this past year. We truly appreciate your support and friendships year after year. We look forward to serving you for many years to come.

May you have a wonderful holiday season and best wishes for a healthy 2014!

As always, drive safely!

American Family Ins. Selects Oren's Auto Body

We are extremely proud and excited to be named as the auto body repair shop to be added to American Family's Certified Repair Program! (CRP) What exactly does this mean? Let us explain.

Some insurance companies "pre-approve" shops that meet specific standards and requirements they have established. The requirements can range from computer software programs, quality workmanship to written lifetime warranty on repairs and anything in between. American Family (AmFam) screens and regularly re-inspects their approved shops to be sure a quality repair is completed within their and the industry standards. AmFam selects and approves shops that give top-notch service. By using a shop in

the approved CRP, you will save time as no other estimate is needed and your parts are ordered faster so your repair and claim is resolved sooner.

It is an extreme privilege to be part of this program and we look forward to continuing to serve AmFam and their customers with outstanding quality and customer service!

Oren's Auto Body is also proud to be a member of the following insurance companies Direct Repair Programs:

- 1st Auto & Casualty
- Acuity Insurance
- Liberty Mutual
- Rural Mutual Insurance
- State Farm Insurance
- West Bend Mutual

We work with any insurance company, just give us a call or tell your insurance company you want your repairs done at Oren's Auto Body. **QUALITY YOU EXPECT..SERVICE YOU DESERVE.**

Aunt Betty's Blueberry Muffins - REVISED

Your eyes are not playing tricks on you! We did share this recipe in the last newsletter. However, there were two MAJOR glitches! The first, we forgot the blueberries and the second, use only 1/2 cup of sugar. Please try the recipe again as they really are delicious!

- 1/2 c. oatmeal
- 1/2 c. orange juice
- 1 egg
- 1/2 c. oil
- 1/2 c. WHITE SUGAR**
- 1 1/4 tsp. baking powder
- 1 1/2 c. flour
- 1/4 tsp. soda
- 1/2 tsp. salt AND
- 1 CUP FRESH/FROZEN BLUE-BERRIES**

Combine oatmeal and orange juice in a bowl and let set 10 - 15 min. Add rest of ingredients and mix well. Spoon batter into greased or paper lined muffin cups about 2/3 full. Sprinkle with cinnamon sugar mix on top. Bake at 375 for approximately 20 minutes or until toothpick is inserted and comes out clean.

Cinnamon Sugar Mix Topping:

- 1 tsp. cinnamon
- 2 T. sugar

Mix well and sprinkle on batter in muffin cups before baking.

The “Good Witch” Visits on Halloween

Soon the little ghosts and goblins will hit the streets looking for a trick, or most likely a treat, for their bucket. It wasn't too many years ago our kids were hitting the streets too. As parents, this was not a favorite holiday as we didn't like our kids to have too much candy and sweets. So we had the “good witch” pay a visit to our house after trick or treating.

Each year when the kids were done trick or treating they couldn't wait to get home to sort their treats and swap back and forth with each other. The next thing they would do was take a brown grocery bag and decorate it with crayons and markers to make it as bright and colorful as possible. They would choose ten pieces of their favorite treats to keep and then put the rest of the candy in the bag. Healthy snacks and pencils didn't count in

the ten pieces, those they automatically got to keep. The brightly decorated bag filled with candy would go out on the front porch and after the kids went to bed, the “good witch” would fly by and if she saw the bright bag she would take the bag of candy and leave a prize for each child. The “good witch” liked cavities in her teeth. The

prizes were nothing big, play-doh, puzzles, jump ropes, movie tickets, a Nerf football, but the kids were thrilled and so were we not to have high strung kids and cavities! You are probably wondering what we would do with all the candy? One year we donated to a dental office that was collecting for the troops over sea. A couple of years we donated it to local fire stations for the staff that was on call 24 hours per day. If you look around, there are many places that take collections of Halloween candy.

Just a tip to share with other families that don't want all that candy around the house. Sometimes it's too easy for Mom and Dad to get fingers in the treat bowl too!

Third Annual “Hit A Deer, Get a Turkey”

The month of October generally starts the “deer season” for motor vehicle and deer collisions. Motor vehicle-deer crashes continue to cause for concern in highway safety. Deer are the third most commonly struck object in Wisconsin, according to the WI Department of Transportation, behind another vehicle and fixed objects.

Vehicle-deer collisions are most common around daybreak and dark. We have had several repairs

in the shop this fall so be aware when you're out and about on the roads.

Look for our annual promotion to come out in early November....HIT A DEER, GET A TURKEY! Actually, you can hit anything and still get a FREE turkey, any kind and any size, from Piggly Wiggly in Edgerton. This is the fourth “deer season” that we will be running this promotion. It's always nice to be able to help

our customers save on their collision repairs and give something that can help save on the grocery bill too. Share the promotion with your family, friends and co-workers. Just tell them to let us know you sent them our way and you'll both benefit. One more way we strive to turn the negative feelings of an accident into a positive situation at Oren's Auto Body!
